

# OUR PLATFORMS, STATE.

Adopted by the Democratic  
State Convention, in Salt  
Lake City, Septem-  
ber 14, 1898.

The Democrats of Utah by their delegates in convention assembled, declare anew their allegiance to the Democratic party of the Nation, and for the great essential principles of liberty which that party, more than a century ago, was organized to promote and establish.

We reaffirm the principles declared in the Democratic platform, adopted in Chicago in 1896. The imperative necessity of the use of both gold and silver for the purposes of money throughout the world, is generally conceded. The use of both is essential to the welfare and happiness of mankind. The re-establishment of such use is of such vital importance, that no ordinary difficulty should be permitted to stand in the way of its attainment. It is generally acknowledged that without both gold and silver, people must sink in the scale of happiness and civilization. They must languish in poverty. They must continue to struggle in vain to better their condition. They must toil on without even the hope of adequate reward. Yet it is said that for this pervading, flagrant wrong, there is and can be no remedy, without the aid and consent of those who are, and will remain deaf to all appeals for relief. Is it true that at this time there is a right which cannot be made to prevail? A wrong for which there is no remedy? Have the maxims of our race proven false? There is a remedy. It is declared in the national platform of the Democratic party, to which we now declare our steadfast devotion. That remedy is the enactment of a law by the Congress of the United States, providing for the free and unlimited coinage of both gold and silver at the ratio of 16 to 1, without waiting for the aid or consent of other nations, such consent being notoriously impossible to obtain, and that such coin be a legal tender in payment of all debts both public and private.

The Democratic party extends a cordial welcome to all those persons who have heretofore adhered to other organizations, but who have seen the ingenuity of the professions of their former political associates, to the cause of humankind. They have had the courage and honesty to surrender their previous relations and join hands with the great Democratic party to bring about the triumph of this all-important principle.

The war with Spain was necessary and inevitable if the nation was to have any regard for the protection of its citizens, and the redress of wrongs and outrages on the part of Spain, which had become intolerable. Every consideration of justice and humanity demanded quick and decisive action. Such was the demand of the American people. Yet after this condition became known for months a Republican administration hesitated, and in weakness sought to avoid the responsibility growing out of this most important crisis. After resorting to various devices and deceptive representations, it was at length compelled through the patriotic efforts of Democratic members of Congress and an array of public sentiment to favor a declaration of war. Through the skill, willingness, sacrifice and heroism of the army and the navy of the United States, the war has been waged to a triumphant and glorious conclusion.

The Congress of the United States and the entire people of the country did not wish to spare the money or efforts necessary to provide our soldiers and sailors with everything needed for their health, comfort and welfare. Their request for supplies was met by the action of Congress promptly, and to the fullest limit of the request. Notwithstanding this, it is to the chagrin of the Nation that through political corruption or incompetency of the Republican administration, our soldiers and sailors have not been sufficiently provided for. Seemingly no regard has been paid to the condition of their health. Through the orders of the War department they have been kept at places which became

veritable pest holes, until they were so stricken with hunger and disease, that if they were called upon to render the service for which they were enlisted, they would be found physically unable to respond.

The people of the United States hold to a rigid account those persons who may be found responsible for this condition, which discloses that they were worse enemies to the country than those against whom our brave soldiers and seamen were ready to go forth to do battle.

To the officers and men who volunteered from the State of Utah and who have, wherever an opportunity has been afforded, as in the battle of Manila, so bravely upheld the honor of our country, and general credit of our State, we extend all praise, and fully assure them that the universal feeling is that the future has no reward too good for them.

## COUNTY.

Adopted by Utah County Convention, at Provo, September 7, 1898.

### PLATFORM AND RESOLUTIONS.

The Democratic party of Utah county, by its authorized delegates in convention assembled, submit the following declaration of principles:

1.—We reaffirm, and endorse the Democratic platform adopted by the National Democratic Convention at Chicago in 1896, and especially that portion of said platform which declared in favor of the free and unlimited coinage of silver equal with gold at the ratio of 16 to 1. The warfare between the money power of the world and the masses of humanity is still on, the issue is as important now, and more important than it was in 1895. It is and must continue to be a conflict between grinding monopolies on the one hand and the down-trodden masses on the other, until, by the mighty voice of the people at the ballot box, it shall have been settled, and settled right. This is the paramount issue before the people. It has hitherto been in the State of Utah a question upon which all of the political parties agreed. Recently, however, by the use of juggling words and meaningless terms, calculated only to obscure the vital question and befog the issue, the Republicans of Utah, with many honorable exceptions, in violation of their solemn pledges and promises to the people, have taken a backward step in the progress of the fight until it has become impossible to regard them any longer in any other light than as the friends of gold and enemies of silver. The only true friends of any question are those who fight for its triumph, and fight to win. Such is the attitude of the Democratic party towards the free and unlimited coinage of silver equal with gold as a money of ultimate redemption.

2.—The Democrats of Utah county are proud of the results of the war with Spain. We are none the less proud of the fact that Democratic Senators and Representatives in the Congress of the United States by unceasing agitation, in spite of a formidable opposition by Republican leaders created a public sentiment in the country which forced and compelled a reluctant Republican Administration to declare war. A declaration which not only the distinction of the "Maine" was arranged, but liberty and the opportunity of enlightened free government was extended to an oppressed and down-trodden people.

3.—We reaffirm our adherence to the doctrine of equal suffrage, and are proud of that provision of the Constitution of the State of Utah, by which equal suffrage is guaranteed without regard to the distinction of sex; and we declare that that provision of the Constitution, and the laws made in pursuance thereof should be given the fullest possible effect; and the absolute right of women to vote and hold office should be upheld and maintained.

4.—We congratulate the people of Utah county, and the Democratic party therein upon the clean, frugal and honest administration of the county government by the officers elected in 1896. The county government has been administered and conducted in the interest of the citizens and the taxpayers and for the public good. We therefore, as the represent-

atives of the party to whom said officers owe their election, heartily endorse and approve the manner in which they have discharged their trust and bespeak for them the sincere gratitude of the people of Utah county.
